

BodySoul Europe

MEMBERSHIP APPEAL from BODYSOUL EUROPE

July 5th, 2013

Dear Friends of BodySoul Europe,

Our BodySoul Europe community is thriving. Behind the scenes members of the BodySoul Europe (BSE) community are working closely on your behalf with BodySoul women world-wide and with officers of the Marion Woodman Foundation to develop future BodySoul programmes and build a global community of women and men who are passionate about BodySoul work. This year six BodySoul Programmes are being offered in Europe and Europe's first Renewal is being planned for 2014.

PLEASE HELP US. We need your support and encouragement to help promote world-wide awareness of the value and importance of BodySoul work. You can do this in the following ways:

❖ **Become a member of BodySoul Europe and the Marion Woodman Foundation**

Fifty percent of Marion Woodman Foundation (MWF) membership fees collected from European members now goes to BodySoul Europe. This money is managed by the BodySoul Europe Development Group and will be used for the development of BodySoul programmes in Europe.

This year the MWF became an Allied Organisation of the International Association for Analytical Psychology (IAAP). So MWF members can now attend IAAP conferences and congresses, including this year's international conference in Copenhagen, where two members of the MWF will be presenting. Visit the IAAP website at www.iaap.org for details of their congresses & conferences.

Members of the MWF are also eligible to purchase the Journal of Analytical Psychology (JAP) at a reduced rate, saving £26 or €40 off the regular subscription.

For details about how to become a member of the MWF and BodySoul Europe visit: www.mwoodmanfoundation.org/membership/membership

❖ **Make a donation to the Marion Woodman Foundation**

BodySoul work must be experienced to understand its extraordinary potential for personal and professional development. In the past, the MWF has relied on participants to help support its development and expansion. Currently BodySoul programmes do not generate enough revenue to maintain the MWF office. In the spirit of making BodySoul work and its principles more widely available, we invite you to consider donating to the Marion Woodman Foundation. You can donate online at www.mwoodmanfoundation.org/membership/make-donation

On behalf of both the Marion Woodman Foundation and BodySoul Europe, we thank you for your generosity and support.

With love and warm regards,

Josie, Louise, Mary Lucille, Sue C, Wendy B (UK), Bénédicte, Joanna, Marie (France), Abigail, Marian, Rhona (Ireland), Pat M (Germany), Punita (Netherlands), Vernessa (Switzerland)

The BodySoul Europe Development Group
